- Cumulative GPA: \_\_\_\_\_
- English I 1<sup>st</sup> semester grade: \_\_\_\_\_
- World History 1<sup>st</sup> semester grade: \_\_\_\_\_

#### **Intent to enroll in Advanced Placement European History**

If I am accepted into Advanced Placement European History, I promise to put forth my best effort, beginning with the summer assignment and finishing with the Advanced Placement examination in May. I understand that this is a very demanding, advanced level class, but I believe that I have the work ethic and desire to be successful. I understand that this means extended reading and note taking homework each night, and as many as four essays written per month. By signing below and returning this application, I signify my intention to take AP European History if accepted.

#### **Parent support of student enrollment in Advanced Placement European History**

Your son/daughter has shown an interest in Advanced Placement European History. This is a very demanding course. Students are expected to read, write, and work at a college freshman level. If students are successful on the Advanced Placement examination in May, they can earn college credit. I encourage all students to challenge themselves by taking this course, but I want them (and you) to be prepared for the dedication and diligence required. If you feel that your student has the work ethic and drive to put forth 100% effort into this course, please sign below.
