"HOW TO BECOME AN ELIGIBLE NCAA DIVISION I OR II STUDENT ATHLETE"

# Registration Procedures

NCAA Eligibility Center NCAA Division I and II

Upon completion of the student's junior year, the student may register with the NCAA Eligibility Center so that the high school will send an academic transcript with six semesters of completed academic coursework.

Register ONLINE: www.eligibilitycenter.org.

LOG IN: At the Opening of the NCAA Eligibility Website, go to the Upper Right corner and Log In if you have an existing account or select New Account. Follow the registration steps provided on this website.

Amateurism Certification Questionnaire: When you register you must complete the Amateur Certification Questionnaire. You will also need to submit FINAL certification after April 1<sup>st</sup> of your senior year by logging into your account and signing final certification documents.

Transcript Sent to NCAA Eligibility Center: After you complete the online registration process at <a href="www.eligibilitycenter.org">www.eligibilitycenter.org</a> Mr. Patterson, GLC, will be notified by the NCAA so he can submit your academic transcript to the Eligibility Center. You should follow up and log on to your NCAA Eligibility Center account approximately 1 week after you register to ensure your transcript has been sent by DBHS and received the NCAA. Keep in mind, that if you have attended high schools other than DBHS, you need to contact the other high schools attended and request that they (your former school) send a copy of your transcript as well. Each school attended must send a copy of your transcript.

Students should register with the NCAA Eligibility Center after the junior year is completed; however, students should seek counseling/guidance on the Eligibility Policies/Requirements upon entering High School. DBHS utilizes the website <a href="https://www.corecoursegpa.com">www.corecoursegpa.com</a> for our "unofficial" evaluations of student athletes.

PLEASE CHECK OUT THE WEBSITE AND CREATE YOUR ACCOUNT!

# How To Become An Eligible NCAA College Student Athlete (NCAA Division I and II)

#### **CORE COURSES**

- Meet with your GLC regularly and take a college-prep curriculum and courses that meet NCAA core-course requirements for Diamond Bar High School, DBHS.
- Consult the "Approved Core Course List" for DBHS-Available at <u>www.eligibilitycenter.org</u>. DBHS Code is (050748). Look under "Resources."
- Earn passing grades in the core courses that meet NCAA requirements.

#### SAT/ACT

- Diamond Bar High School Code (050748) to be used for NCAA and SAT/ACT registration.
- Take and earn an acceptable score on the SAT or ACT. Send your scores directly to the NCAA Eligibility
  Center by using the code "9999" on SAT Collegeboard website, www.collegeboard.org or corresponding
  ACT scores, www.act.org.
- Fee Waivers for the NCAA Eligibility Center are available. They are based on whether or not the student was granted an SAT/ACT Fee Waiver
- For Division I, an acceptable SAT/ACT score depends on your core GPA-see sliding scale(s).
- For Division II, you must receive a minimum score of 820 on the SAT Reasoning or 68 total on the ACT.
- SAT: Use only your scores on the "Critical Reading" and "Mathematics" sections of the test. Do not use the "Writing" score.
- Student Athletes must present an official score on a PSAT, PLAN, SAT, or ACT in order to receive an "official visit" from an NCAA university.

#### **GRADES**

Your GPA is based on all NCAA approved coursework in grades 9-12. NCAA Division I uses a sliding scale (the
higher your GPA the lower the SAT or ACT score required). NCAA Division II requires a minimum SAT of 820
(Math and Critical Reading) or 68 Composite ACT regardless of your GPA. See attached documents for specific
grade and test score requirements based on NCAA Division I or II + what year you graduate from high school.

#### REGISTERING WITH THE NCAA ELIGIBILITY CENTER

- Register with the NCAA Eligibility Center <u>after</u> you complete your <u>junior year</u> in high school. Your GLC will assist you with this process during your August appointment prior to your senior year or see Mr. Patterson, GLC. You must register online. Upon registering with the Eligibility Center, student athletes must complete the <u>NCAA Amateurism Certification Questionnaire</u>. This is done ONLINE when you register!
- Upon registering with the NCAA, you must follow up to ensure your high school transcript was sent to the NCAA Eligibility Center. Mr. Patterson will be notified by the NCAA when you register and a transcript will be sent. You should log on to your NCAA account 7-10 days after registering to ensure transcript was accepted. In addition, request a transcript to be sent to the NCAA from each high school attended. Each school you attended must send a transcript!
- After April 1<sup>st</sup> of your senior year, if you have registered with the NCAA Eligibility Center, you must log back in to the Eligibility Center website and submit your FINAL signature for the NCAA Amateurism Questionnaire.

#### MISC. INFORMATION

- Complete your senior year and graduate with your class.
- Additional sources of information on the NCAA requirements may be found at the following websites:
   www.ncaa.org
   www.eligibilitycenter.org
   www.dbhs.org
- Phone number for the NCAA Hotline is 877-262-1492.
- Student Athletes that compete at the NCAA Division III level are usually eligible to compete upon admission to the university; students should consult the NCAA Division III university for eligibility guidelines.
- Other rules apply for student athletes competing in the NAIA division of college athletics. Contact an NAIA university for additional information.

#### MISC. INFORMATION-(Continued)

- Use the www.eligibilitycenter.org site and print a copy of the Guide for the College Bound Student Athlete. This is an extremely helpful resource for parents and students regarding NCAA Eligibility and NCAA Recruiting Regulations. This Guide can be found by clicking Resources on the Eligibility Center website.
- Utilize the website www.corecoursegpa.com. You may enter your courses, grades and test scores after you create your account; you will need the DBHS password and you can get this from Mr. Patterson-GLC or from Mr. Ferguson-Athletic Director or go to our school website under the Guidance and/or Athletics' linksuse the NCAA Eligibility link. This will provide you with another source of information regarding your "Unofficial" NCAA ELIGIBILITY CENTER "Certification Status". You may use this information when selecting your high school courses to ensure you are taking the correct courses to become an eligible NCAA Division I or II student athlete upon entering college.

# Diamond Bar High School NCAA List of Approved Core Courses

You may obtain a copy of Diamond Bar High School's NCAA Approved Core Courses ONLINE by following the directions below:

- · Go to www.eligibilitycenter.org
- Click on "Resources" on the top margin
- · Click on "U.S. Students"
- Click on "List of Approved Core Courses"
- Enter the CEEB Code for DBHS-050748 and then click on Search button.
- Print

#### **Academic Eligibility** Requirements

#### Division I

If you want to participate in athletics or receive an athletics scholarship during your first year, you must:

- Graduate from high school;
- Complete these 16 core courses:
- \* 4 years of English;
- \* 3 years of math (Algebra 1 or higher);
- \* 2 years of natural or physical science (including one year of lab science if offered by your high school);
- 1 extra year of English, math, or natural or physical science:
- 2 years of social science; and
- 4 years of extra core courses (from any category above, or foreign language, comparative religion or philosophy); Note. Courses with similar content may be deemed duplicative by the NCAA Eligibility Center.
- Earn a minimum required grade-point average in your core
- Earn a combined SAT or ACT sum score that matches your core-course grade-point average and test score sliding scale (for example, a 2.400 core-course grade-point average needs an 860 SAT score).

#### Time Limitation on Core Courses

- You must complete the 16 core-course requirement within four consecutive academic years (i.e., eight semesters) from the start of ninth grade.
- Students graduating early (in less than eight semesters) must still
- meet core-course requirements.
   If you graduate on time from high school within four consecutive academic years (i.e., eight semesters) from the start of ninth
- grade:
   Prior to full-time collegiate enrollment, you may use **one** core-course unit completed within one year from the date of on-time graduation.
- \* You may complete the core course at a location other than the high school from which you graduated.
- You will be required to provide a transcript with grade and credit from this school

#### **Division I Qualifier**

Being a qualifier enables you to:

- Practice or compete for your college or university during your first year of college;
- Receive an athletics scholarship during your first year of college;
- Play four seasons in your sport if you maintain your academic eligibility from year-to-year.

#### **Division I Nonqualifier**

As a nonqualifier, you will not be able to:

- Practice or compete for your college or university during your first year of college; or
- Receive an athletics scholarship during your first year of college, although you may receive need-based financial aid.

You may be able to play only three seasons in your sport if you maintain your eligibility from year-to-year. To earn a fourth season, you must complete at least 80 percent of your degree requirements before beginning your fifth year of college.

#### Students Enrolling on or After August 1, 2016

The initial-eligibility standards for NCAA Division I college-bound student-athletes are changing. Note: College-bound student-athletes first entering a Division I college or university on or after August 1, 2016, will need to meet new academic rules in order to receive athletics aid (scholarship), practice or compete during their first year.

First, here are three terms you need to know:

- Full Qualifier: May receive athletics aid (scholarship), practice and compete in the first year of enrollment at the Division I college or university.
- \* Academic Redshirt: May receive athletics aid (scholarship) in the first year of enrollment and may practice in the first regular academic term (semester or quarter) but may not compete in the first year of enrollment. After the first term is complete, the student-athlete must be academically successful at his/her college or university to continue to practice for the rest of the
- Nonqualifier: Cannot receive athletics aid (scholarship), cannot practice and cannot compete in the first year of enrollment.

#### Here are the new requirements:

(For callege-bound student athletes first entering a Division I college or university on or after August 1, 2016.)

#### Full Qualifier must:

- Complete 16 core courses (same distribution as in the past); Ten of the 16 core courses must be completed before the seventh semester (senior year) of high school.
- Seven of the 10 core courses must be English, math or science.
- Have a minimum core-course grade-point average of 2.300;
   Grades earned in the 10 courses required before the senior year are "locked in" for purposes of grade-point average calculation.
- \* A repeat of any of the "locked in" courses will not be used to improve the grade-point average if taken after the seventh semester begins.
- Meet the competition sliding scale requirement of grade-point average and ACT/SAT score (this is a new scale with increased grade-point average/test score requirements); and
- Graduate from high school.

#### Academic Redshirt must:

- Complete 16 core courses (same distribution as in the past);
- Have a minimum core-course grade-point average of 2.000;
- Meet the academic redshirt sliding scale requirement of gradepoint average and ACT/SAT score; and
- Graduate from high school.

Nonqualifier: Fails to meet the standards for a qualifier or for an

#### Division II

Any core courses used toward your initial eligibility must be completed prior to full-time collegiate enrollment. If you enroll full time in a Division II college on or after August 1, 2013, and want to participate in athletics or receive an athletics scholarship during your first year, you must:

- · Graduate from high school:
- Complete these 16 core courses:
- \* 3 years of English;
- \* 2 years of math (Algebra 1 or higher);
- 2 years of natural or physical science (including one year of lab science if offered by your high school);
- 3 additional years of English, math, or natural or physical science;
- \* 2 years of social science; and
- 4 years of additional core courses (from any category above, or foreign language, comparative religion or philosophy);
- Earn a 2.000 grade-point average or better in your core courses; and
- Earn a combined SAT score of 820 or an ACT sum score of 68. For individuals enrolling at a college or university in Puerto Rico, earn a combined Prueba de Aptitud Academica score of 730.

#### **Division II Qualifier**

Being a qualifier enables you to:

- Practice or compete for your college or university during your first year of college;
- Receive an athletics scholarship during your first year of college; and
- Play four seasons in your sport if you maintain your academic eligibility from year-to-year.

#### **Division II Partial Qualifier**

You will be considered a partial qualifier if you do not meet all of the academic requirements listed above, but you have graduated from high school **and** meet one of the following:

- The combined SAT score of 820 or ACT sum score of 68; or
- Completion of the 16 core courses with a 2.000 core-course grade-point average.

As a partial qualifier, you:

- Can practice with your team at its home facility during your first year of college;
- Can receive an athletics scholarship during your first year of college;
- · Cannot compete during your first year of college; and
- Can play four seasons in your sport if you maintain your academic eligibility from year-to-year.

#### **Division II Nonqualifier**

You will be considered a nonqualifier if you did not graduate from high school, or, if you graduated and are missing both the core-course grade-point average or minimum number of core courses and the required ACT or SAT scores.

As a nonqualifier, you:

- Cannot practice or compete for your college or university during your first year of college;
- Cannot receive an athletics scholarship during your first year of college, although you may receive need-based financial aid, and
- Can play four seasons in your sport if you maintain your academic eligibility from year-to-year.

#### Remember

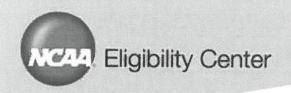

Meeting the NCAA academic requirements does not guarantee your admission into a college. You must apply for college admission.

#### **Division III**

Division III colleges and universities develop student-athlete potential through a holistic educational approach that includes rigorous academics, competitive athletics and opportunity to pursue many interests and passions. Student-athletes are responsible for their own paths and are provided with many opportunities to develop within a comprehensive educational experience. Division III minimizes the conflicts between athletics and academics through shorter playing and practicing seasons, a lower number of contests, no redshirting or out-of-season organized activities, and a focus on regional in-season and conference play.

Division III college-bound student-athletes are not certified by the NCAA Eligibility Center because Division III colleges and universities each set their own admissions standards and there are no initial-eligibility requirements in the division. College-bound student-athletes should contact their Division III college or university regarding policies on admission, financial aid and athletics eligibility.

### **Division I Academic Requirements**

College-bound student-athletes will need to meet the following academic requirements to practice, receive athletics scholarships, and/or compete during their first year.

#### **Core-Course Requirement**

#### Complete 16 core courses in the following areas:

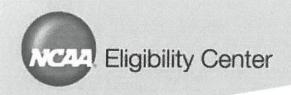

- · 4 years of English
- 3 years of math (Algebra I or higher)
- 2 years of natural/physical science (1 year of lab if offered)
- 1 year of additional English, math or natural/physical science
- 2 years of social science
- 4 years of additional courses (any area above, foreign language or comparative religion/philosophy)

| Graduate high school  | Graduate high school   |

<u>Full Qualifier</u>: College-bound student-athletes may practice, compete and receive athletics scholarship during their first year of enrollment at an NCAA Division I school.

<u>Academic Redshirt</u>: College-bound student-athletes may receive athletics scholarships during their first year of enrollment and may practice during their first regular academic term but may NOT compete during their first year of enrollment.

**Nonqualifier**: College-bound student-athletes cannot practice, receive athletics scholarships or compete during their first year of enrollment at an NCAA Division I school.

#### Test Scores

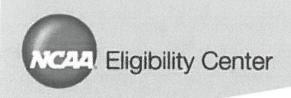

When you register for the SAT or ACT, use the NCAA Eligibility Center code of 9999 so your scores are sent directly to the NCAA Eligibility Center from the testing agency. Test scores on transcripts will not be used in your academic certification.

A combined SAT score is calculated by adding reading and math subscores. An ACT sum score is calculated by adding English, math, reading and science subscores. You may take the SAT or ACT an unlimited number of times before you enroll full time in college. If you take either test more than once, the best sub score from different tests are used to meet initial eligibility requirements.

If you take the current SAT before March 2016 and then take the redesigned SAT at a later date, the NCAA Eligibility Center will not combine section scores from the current and redesigned SAT when determining your initial eligibility. The NCAA Eligibility Center will only combine section scores from the same version of the test. Because the redesigned SAT varies in design and measures different academic concepts than the current SAT, a numerical score on the current test may not be equivalent to the same numerical score on the redesigned test.

ACADEMIC REDSHIRT

# Division I Initial-Eligibility Standards Frequently Asked Questions

College-bound student-athletes must meet a core-course progression requirement to be eligible to compete in the initial year of full-time enrollment at an NCAA Division I school. Students who do not meet this new requirement will not be able to compete in the first year of enrollment at an NCAA Division I school.

The following questions and answers are designed to assist students, parents and high school administrators in applying the requirements.

#### CORE-COURSE PROGRESSION (10/7) REQUIREMENT

What is the core-course progression (10/7) requirement? In order to be eligible to compete during the initial year of full-time enrollment, students must complete 16 core courses. Ten of the 16 core courses must be completed before the seventh semester (senior year) of high school and at least seven of these 10 core courses must be in English, math, or science. Grades achieved in such courses must be used in the student's academic certification and cannot be replaced by courses or grades achieved after starting the seventh semester.

\*Note: students must also meet the <u>Division I sliding-scale index</u> for competition (minimum 2,300 core-course GPA).

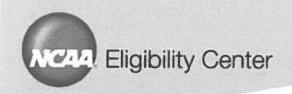

Are students with a documented Education-Impacting Disability (EID) required to meet the 2016 standards for competition, including the core-course progression requirement? Yes. Note that current accommodations (courses for students with an EID, nonstandard ACT or SAT, three additional core-course units after on-time graduation) are still available under the 2016 standards.

How will the start of the seventh semester be determined for schools on a nontraditional calendar? The start of the seventh semester (or the equivalent) will be based on three calendar years from initial enrollment in grade nine.

If a student has two (or more) courses with the same grade, why was Course 1 used to meet the core-course progression (10/7) requirement and Course 2 was not? The academic certification program uses the best 10 core courses that meet the core-course progression (10/7) requirement. If two core courses have the same grade, the academic certification process randomly selects one of the core courses, but this may be adjusted at the time of final certification, if necessary. It may also provide the student the opportunity to retake a course should he or she have more than 10 core courses after the start of the seventh semester.

If a student meets the core-course progression (10/7) requirement, can a core course retaken after the start of the seventh semester still be used to determine eligibility for competition? Yes, provided it is not duplicative of another core course needed to meet the core-course progression (10/7) requirement. For example, if a student initially takes Geometry in grade 10 and retakes Geometry in grade 12, the retake would only be used for competition purposes if the grade 10 Geometry course is not needed to meet the core-course progression (10/7) requirement.

Can more than 16 core-course units (i.e., 16.01 to 16.99) be used in a student's final academic certification for competition purposes? Yes, provided partial credit (e.g., 0.25, 0.34, 0.5, 0.67) is necessary to meet core-course distribution requirements. However, additional core-course units beyond 16 are not permitted outside of the partial credit scenario.

### **Division II Academic Requirements**

College-bound student-athletes enrolling at an NCAA Division II school need to meet the following academic rules to practice, compete and receive athletics scholarships during their first year.

#### **Core-Course Requirement**

Complete 16 core courses in the following areas:

- 3 years of English
- 2 years of math (Algebra I or higher)
- 2 years of natural or physical science (including one year of lab science if offered)
- 2 years of social science
- 3 additional years of English, math or natural or physical science
- 4 additional years of English, math, natural or physical science, social science, foreign language, comparative religion or philosophy

|   | Full Qualifier  | Partial Qualifier  |          |
|---|---|--|----------|
| • | Complete 16 core courses  | Complete 16 core courses                                 |          |
| • | Earn a core-course GPA of at least 2.000                                      | • Earn a core-course GPA of 2.000                        | at least |
| • | Earn an SAT combined score of at least 820 or an ACT sum score of at least 68 | Earn an SAT combined scorleast 820 or an ACT sum screen. |          |
| • | Graduate high school  | <ul><li>least 68</li><li>Graduate high school</li></ul>  |          |

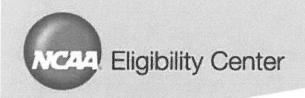

Full Qualifier: College-bound student-athletes may practice, compete and receive athletics scholarship during their first year of enrollment at an NCAA Division II school.

Partial Qualifier: College-bound student-athletes may receive athletics scholarships during their first year of enrollment and may practice during their first regular academic term but may NOT compete during their first year of enrollment.

**Nonqualifier:** College-bound student-athletes may not practice, compete or receive athletics scholarships during their first year of enrollment at an NCAA Division II school.

#### Test Scores

If you take the current SAT before March 2016 and then take the redesigned SAT at a later date, the NCAA Eligibility Center will not combine section scores from the current and redesigned SAT when determining your initial eligibility. The NCAA Eligibility Center will only combine section scores from the same version of the test. Because the redesigned SAT varies in design and measures different academic concepts than the current SAT, a numerical score on the current test may not be equivalent to the same numerical score on the redesigned test.

## 2018 Division II New Academic Requirements

Initial-eligibility standards for NCAA Division II college-bound student-athletes are changing.

College-bound student-athletes first enrolling at an NCAA Division II school on or after <u>August 1, 2018</u>, need to meet new academic rules to practice, compete and receive athletics scholarships during their first year.

#### Core-Course Requirement

- 3 years of English
- 2 years of math (Algebra I or higher)
- 2 years of natural or physical science (including one year of lab science if offered)
- 2 years of social science
- 3 additional years of English, math or natural or physical science
- 4 additional years of English, math, natural or physical science, social science, foreign language, comparative religion or philosophy

# Complete 16 core courses. Earn a core-course GPA of at least 2.200. Earn the ACT/SAT score matching your core-course GPA on the Division II sliding scale (see back page). Graduate high school. Complete 16 core courses. Earn a core-course GPA of at least 2.000. Earn the ACT/SAT score matching your core-course GPA on the Division II sliding scale (see back page). Graduate high school.

Full Qualifier: College-bound student-athletes may practice, compete and receive athletics scholarship during their first year of enrollment at an NCAA Division II school.

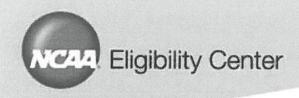

**Partial Qualifier:** College-bound student-athletes may receive athletics scholarships during their first year of enrollment and may practice during their first regular academic term but may NOT compete during their first year of enrollment.

**Nonqualifier:** College-bound student-athletes may not practice, compete or receive athletics scholarships during their first year of enrollment at an NCAA Division II school.

#### Test Scores

If you take the current SAT before March 2016 and then take the redesigned SAT at a later date, the NCAA Eligibility Center will not combine section scores from the current and redesigned SAT when determining your initial eligibility. The NCAA Eligibility Center will only combine section scores from the same version of the test. Because the redesigned SAT varies in design and measures different academic concepts than the current SAT, a numerical score on the current test may not be equivalent to the same numerical score on the redesigned test.
